Description

Brand new ex-display 2020 model Zodiac Cadet 250 Compact Lite foldable RIB. The Zodiac Cadet 250 Compact RIB is a lightweight rigid inflatable boat featuring a folding transom. When the tubes are deflated, the transom folds into the hull making for a low profile package that can then be stored in a padded carry bag. At 83 lbs, this lightweight rigid inflatable boat is easily handled by two people and will carry up to 3 adults or 838 lbs. The rigidity of the fiberglass hull and large tube makes this portable RIB very worthy of transport. This is a popular boat for those looking to stow the boat on a light duty stern davit, on deck of a sailboat, or looking for a rigid option to transport on roof racks. A unique boat worth considering !
